VOL. XXII, NO. 28 GAINESVILLE, FLORIDA, SATURDAY, MARCH 11, 1905 TEN CENTS A WEEK

RUSSIANS RETREAT BLOCKED BY JAPS

Reports Say That Line of Communication Is Cut.

JAPS HAVE ENCIRCLED RUSSIANS

Military Experts Don't Think That Kuropatkin's Army Can Possibly Escape—The Japanese Have Completely Whipped the Russians.

Tokio, March 9.—4 p. m.—The Japanese have cut the railway north of Mukden.

Mukden, March 9, 2:30 a. m.—The Japanese yesterday attacked the village of Pudiasa, northwest of the Imperial Tombs, and a stubborn fight followed, but the Russian advance guard was obliged to abandon the village.

During the night the Japanese attacked the village of Santaitse, north of the Imperial Tombs. The fighting continues as this dispatch is filed.

The Japanese outposts have reached Hirantchan on the south front and a heavy cannonade is in progress there.

With the Japanese Left Army, Wednesday, March 8, Noon. via Fusan, March 9.—The left armies have cut and destroyed the railroad between Mukden and Tie-Pass. Details are not obtainable at present.

The Russians are in retreat over the northern roads. The left column of these armies is at Likampu, 7 miles north of the Hun river, and 5 miles west of the railroad and has had a fierce fight with a Russian force of thrice its number. The Russian casualties number ten thousand. The Russian center is retreating in great confusion.

New Chwang, via Tien Tsin, March 9.—It is reported here that Tie Pass has been invested by the Japanese and that General Kuropatkin, having no alternative, will probably be forced to surrender within a week.

The Russians have not been reinforced from the direction of Harbin since March 1.

General Nogi's army made a forced march of 25 miles daily and action in conjunction with General Oku's army, surrounded 80,000 Russians in the direction of Tie Pass and cut off their supplies.

The hurrying Japanese armies passed a division of Russians without giving it any attention until the enveloping movement was completed, when they crushingly attacked the Russians on all sides.

Tokio Is Rejoicing.

Tokio, March 9.—Noon.—Field Marshal Oyama in an order directing the pursuit of the retreating Russians yesterday, prohibited his troops from entering Mukden in masses, in order to preserve the respect of the Tombs and sacred places of the Imperial Chinese household, and to protect the welfare of the inhabitants.

Although the actual success gained by the Field Marshal Oyama's army is unknown, Tokio is already celebrating the victory. Flags are going up all over the city and crowds are on the streets, crowds are buying the extra editions of the local papers, and congratulations are pouring into the office of the minister of war and to the army staff headquarters.

It is rumored that General Kuropatkin's retreat has been partly cut off, insuring heavy losses of supplies and the capture of many prisoners; but this it is impossible to conform.

An official announcement of the result of the Field Marshal Oyama's pursuit of the Russians is expected here later today.

St. Petersburg In Gloom.

St. Petersburg, March 9.—2:30 p. m.—A veil is drawn over the progress of General Kuropatkin's heroic effort to extricate his beaten army, but the general staff insists that while he has been defeated, yet there has been no disaster. The peril of the whole army especially of the rear guard, is admitted and Mukden may have been evacuated during last night, although nothing definite has been received on this point. Yesterday General Bilderling's army which has held the center, fell back on the Hun river clinging all day desperately to Madiapu at the Apex southwest of the city.

General Nogi, according to the latest authentic Russian reports has already reached a point opposite the station of Souhaitai, halfway between Mukden and Tie Pass, but it is believed that his left is swinging still further north for a blow at the line of communication which would realize Field Marshal Oyama's plan for closing the iron ring. The Tokio report that the railroad is actually cut is not confirmed here the telegraph office on the contrary declaring that communication with General Kuropatkin is still open.

The losses already exceed those of any battle of the war.

While the defeat of Kuropatkin has revived the talk of peace it is too early yet to measure its full effect. If Kuropatkin succeeds in drawing off his army no matter how badly shattered the war office insists that the situation will be unchanged.

DEFENSE RESTS THEIR CASE.

The Trial of Mrs. Chadwick Occupies the Time of Federal Court.

Cleveland, March 10.—The defense in the Chadwick case rested its case shortly before 11 o'clock this morning T. C. Doolittle, the bookkeeping expert called yesterday, was the first witness for the defense occupied the witness stand when the trial was resumed. He testified that the entries of $10,000 and $5,000 on the books of the Oberlin bank under date of Nov 3, 1903, were items of credit to Mrs Chadwick.

Similar entries on the discount register showed that the two items were regarded by the bank as being to the credit of Mrs. Chadwick. Nov. 16, 1903, the journal showed the entry of a note of $40,000. This did not appear in the discount register, but the journal entry showed, according to the witness, that Mrs. Chadwick was entitled on that day to $40,000 either in cash or credit. Other entries on that date showed that an item of $40,000 was deposited though it was not specified by whom. If the cash or certified check was given Mrs. Chadwick on that day the entries were entire and covered the transactions in a proper manner.

This evidence was directly opposed to the testimony of Assistant Cashier Avery, and Receiver Lyon of the Oberlin bank, who said that Mrs. Chadwick had neither money nor credit at the bank at the time any of the certified checks were issued.

POLICE LOOKING FOR MOTIVE.

For the Poisoning of Mrs. Stanford, Who Died Recently in Honolulu.

San Francisco, March 10.—Though they still deem the proof of murder inconcusive, the poice of this city are trying to find a possibe motive for the poisoning of Mrs. Stanford. With this end in view they are making a minute investigation into the stories of household intrigues told by Beverly, the former butler, and Elizabeth Richmond, the former maid of Mrs. Stanford, who now lives in Beverly's home at San Mateo.

It is believed that among the stories of quarrels and "graft" formed the motive for the murder.

Albert Beverly, the former butler, has, it is said, made a statement to the police to the effect that by means of "rake-downs" and commissions he had "grafted" about $2,100. He reiterates his story that he divided his "rake-down" with Miss Bernier, Mrs Stanford's secretary, and that her share amounted to between $1,000 and $1,100.

Marquis Anglesy Dying.

New York, March 10.—The Marquis of Anglesy is, according to an American dispatch from Monte Carlo, dying there from consumption. His condition took a sudden turn for the worse Wednesday and it was reported that he could live but a short time. The marquis, who was born in 1875, attracted much attention after succeeding to his title through his lavish expenditures on jewels and theatricals. Not long ago he was thrown into Bankruptcy with liabilities aggregating nearly $3,000,000.

SENATOR BATE OF TENNESSEE DEAD

Succumbs to Death After a Few Days Sickness.

MEMBER OF SENATE 18 YEARS

The Body Will Be Buried at Nashville. Tennessee Legislature Adjourns Out of Respect for Him—Will Name His Successor This Session.

Washington, March 10.—United States Senator Brimage Bate, of Tennessee, twice governor of his state, a veteran of both the Mexican and civil wars, rising from private to major general in the latter and for 18 years a conspicuous member of the upper house of congress, died at his hotel apartments in this city today, aged 78 years. Death was due to pneumonia and defective heart.

Senator Bate attended the inauguration ceremonies on March 4, and his death is believed to be due primarily to exposure on that occasion, as he suffered a slight chill on that day. He, however, continued his official duties and occupied his seat in the senate last Tuesday. He became suddenly ill at the dinner table that evening and immediately called for a physician. He was put to bed and his condition was recognized as serious. Despite the efforts of his physician he became steadily worse and all hope for his recovery was given up yesterday. His lungs, however, showed improvement, and it is probable he would have recovered but for the weakness of his heart, which is attributed not only to his advanced age, but the serious strain to which it had been subjected by a long-standing asthmatic condition.

Senator Bate was entirely conscious until his death. Besides the widow two daughters, Mrs. Thomas F. Masten, of Tennessee, and Mrs. Childs, of Los Angeles, survive the senator. A brother, Captain Bate, of Tennessee, and a sister, Mrs. Harris, of California, were sent for but were unable to reach here before his death.

Senator Bate's remains will be taken to his old home at Nashville, and will be interred in Mount Olive cemetery there.

An official furneral will be held in the chamber tomorrow at 2 o'clock, and the remains of the late senate will be taken to Tennessee tomorrow evening.

Senate Adjourns out of Respect.

After a session of seven minutes the senate adjourned at 12:07 p. m. today out of respect to the memory of the late Senator Bate.

In the absence of Mr. Carmack (Tend.), Mr. Gorman brought the senator's death to the notice of the senate. He said:

"I am charged with the duty of announcing the death of Hon. W. B. Bate, late a senator from Tennessee. He died at his hotel at 6 o'clock this morning, and the end came after a brief illness. This is not the time for eulogy, but I will add that he met the dread messenger with the same calmness and Christian fortitude which had characterized his conduct throughout a long and eventful career."

Mr. Gorman then presented the usual resolutions of regret at Senator Bate's death. The resolutions also directed the appointment of a committee of twelve senators to make arrangements for the deceased senator's funeral in the senate chamber at 2 p. m., tomorrow, authorized the extension of invitations to the president, the members of his cabinet, the supreme court of the United States, the diplomatic corps, the ranking officers of the navy and the army and the house of representatives, and directed the sergeant at arms to escort the remains to Senator Bate's former home at Nashville, Tenn. for interment.

In accordance with this resolution the vice president announced the following committee:

Messrs. Carmack, Morgan, Proctor Blackburn, Alger, Daniel, Berry, Foraker, Mallory, Spooner, Culberson and Scott.

On motion of Mr. Mallory the senate then adjourned as a further mark of respect.

Tennessee Legislature Adjourns.

Nashville, Tenn., March 10.—The Tennessee legislature adjourned soon after it was called to order today out of respect to Senator Bate. It was decided during the brief session to elect Senator Bate's successor on March 21.

Senator Bate, who was elected last fall to succeed himself, his term expiring March 4, had, therefore, just entered upon a new term. Governor Frazier, former Governor Robert L. Taylor, and Hon. Benton McMillin, are mentioned to succeed Mr. Bate, but the impression prevails that the legislature will decide upon Governor McMillin. The governor, who was General Bate's most active opponent during the last campaign, withdrew in favor of Senator Bate with the understanding that should Senator Bate retire that he (McMillin) would become the candidate.

SEEKING IMMIGRANTS.

Special Railroad Agents Want To Bring Them South.

Atlanta, March 10.—H. H. Holleman, special agent of the Industrial department of the Southern Pacific, with headquarters at Houston, Tex., was an Atlanta visitor, who reached here Wednesday morning on a mission of great importance and interest to the entire south. Mr. Holleman made a call upon Governor Terrell, his first duty upon his arrival, and this was for the purpose of securing the presence of the chief executive at Galveston for a monster meeting of representative men from all parts of the southland, held for the purpose of bringing the many great advantages of the entire south for the making of homes before the people of the north.

Mr. Holleman was also particular to state that he was not here in the interest of the Southern Pacific, but rather as a commissioner of the great convention to be held in Galveston, April 21. To this convention will be invited some 200 newspaper men from all parts of the north. These men will be the guests of the city of Galveston, that city having already raised an amount sufficient to assure the visitors the best kind of a Texas time.

ATTEMPT TO KILL OFFICER.

More Trouble Expected in the Feud District of entucky.

Louisville, Ky., March 10—A special from Jackson, Ky., says

"Much excitement has been caused here by the attempt late last night to assassinate Deputy Sheriff Hiram Centers. Centers stepped out of a restaurant and started in the direction of the courthouse. When he reached the corner an unknown man stepped up behind him and threw a weight at him, striking him below the shoulder, breaking two or his ribs and inflicting internal injuries.

The blow knocked him to his knees and in this position he drew his pistol and fired in the direction of the retreating figure, but without result.

Centers is an efficient officer and has always been regarded as an adherent of the Hargises.

Fire Visits Georgia Town.

Fort Gaines, March 10.—Bluffton, Ga., has been visited by another destructive fire, burning the store house and stock of W. B. Hatiaway. Loss $5,000; insurance, $2,200. The livery stable of Sanders & Coachmanfh loss, $2,000; insurance $500. W. T. Green, cotton warehouse, no insurance. The fire originated in Sanders and Coachman's livery stables. Total losses in the two fires this week, in Bluffton, will reach the total of $20,000.

Woman Not in the Case.

Seville, Ga., March 10.—In a report from the shooting affay in which Jim Worsham shot down W. C. Hamilton, it was alleged that the tragedy grew out of the former's attentions to Hamilton's wife. It is now said by those who are in a position to know that the trouble arose over some misunderstanding, and that Mrs. Hamilton was not connected in the matter in any way whatsoever.

STRIKE STILL TIES UP NEW YORK CARS

More Cars Are Operated Than On Previous Day.

SURFACE CARS REAP A HARVEST

It Is Now a Fight to the Finish—The Strikers Urging the Engineers and Firemen of the Power Houses to Join Their Ranks.

New York, March 10.—With the opening of the third day of the Interborough trainsmen's strike, there appeared to be a marked improvement of the operations of trains in the subway. Otherwise, little change was noted. Traffic on the east side Elevated lines, Second and Third avenue, was almost at a standstill. In fact, no trains whatever were operated during the early hour on the Second avenue line, while on the Third avenue line, where an attempt was made to resume the service, something went wrong and for half an hour at a time no trains passed a given point.

Quite a number of trains were in operation on the Sixth avenue line of the West Side system, but at times there were long delays and the platforms uptown were crowded.

On the surface lines the jam that has prevailed morning and night since Monday was in evidence. Conditions was quite favorable to the compay in the subway toward which their greatest efforts were aimed. Trains were moving four to eight minutes apart on that system before the express trains were started. The system was well patronized, but passengers manifested a disposition to avoid the first and last cars.

Heavy guards are being maintained about the power houses to prevent any attempt on the part of the strikers to reach the engineers and firemen. It has been decided by the strikers' executive committee to ask the courts for an injunction compelling the Interborough management to restore emergency brake cords and other safety appliances alleged to have been removed from many cars when the strike was declared. In event of the company's failure to restore these appliances the strikers declared they would ask the city authorities to interfere also. While General Manager Halley states that 50 old men have returned to their work, the strike leaders declare not a man has deserted.

During the night the ranks of the strike breakers were increased by 150 men who were taken under guard to car barns in Harlem.

Considerable sickness is reported among the men sheltered in the barns. A hospital physician who was called in the night to attend Frank Wittenburg, of Philadelphia, found his suffering from epilepsy. After treating Wittenburg, who he thought would soon recover, the physician asserted that among the 600 men in the barn at least 50 pere in need of medical attendance. They were, he said, suffering from diseased throats, fevers, colds and grip.

Interest now centers in the proposed effort to cause a sympathetic walk out of engineers and firemen at all the power houses in this city.

Samuel Gompers president of the Federation of Labor, John Mitchell, president of the United MIMne Workers of America, and vice president of the American Federation of Labor; Thomas J. Kidd, also a vice president of the American Federation of Labor, and William D. Mahon, president of the International Amalgamated Association of Electric and Street Railway Employes, met at the Clarendon hotel today and adjourned to the headquarters of the American Federation of Labor for a conference. Mr. Mitchell and Mr. Gompers are members of the National Civic Federation.

Financial Troubles Cause Suicide.

Chicago, March 9.—Dr. Ivan C. Amlion, of this city, 32 years old, committed suicide today as a result of excessive brooding over difficulties in the management of a life insurance company. He was an employe of the company.

ALACHUA COUNTY'S NEW DEPARTURE

Rural Free Delivery Routes to be Established Here.

ROUTE NUMBER ONE ASSURED

Rural Free Mail Delivery Agent Parker Made Personal Survey, and Was Well Pleased—Recommended That Route No. 1 be Established.

Alachua county has made another step in the march of progress which has characterized this section particularly for the past two years, the establishment of rural mail routes leading from Gainesville to various sections of the county being now assured. Rural Free Delivery Agent Parker of the United States government has been here and made a personal survey of the situation, with the result that he has recommended the immediate establishment of Route No. 1, which will extend from Gainesville to Bennington, Rutledge and intermediate points, a distance of twenty-six miles, round trip, and accommodating about 150 families. This route was viewed and mapped out by Agent Parker and Benj. Arnow.

Blanks for examination of applicants have been sent by the postoffice department to Postmaster Arnow, and those desiring same may be accommodated by applying to that official. The position is under civil service rules, hence non-political. Rural carriers are paid a salary of $720 per year, or $60 per month, for six days' work of eight hours, but the carriers are required to furnish and provide for their own team. The postmaster invites applicants. All persons over eighteen years of age, of good moral character, are eligible.

Agent Parker selected other routes while here which he will recommend to be established as soon as the necessary petitions requesting same can be secured. Each petition must contain a least one hundred signers—residents in the territory embraced. Postmaster Arnow feels confident that the petitions will be presented, and the routes established in a short while.

The routes as planned, leading from Gainesville, will be as follows:

Route No. 2, to vicinity of Warren's Cave and return, twenty-six miles; No. 3, to points in westerly direction to points north of Seaboard Air Line, but not affecting towns on said railroad, and return, twenty-six miles; No. 4, to Rocky Point and other towns south of Seaboard Air Line and return, twenty-five miles; No. 5, east to Stewartsville, English Colony, etc., and return, twenty-five miles.

Postmaster Arnow is particularly desirous of establishing these routes, which will be a great convenience to country people. He would also be glad to hear from any person desiring to make application for carrier.

DR. HODGES AT CARNIVAL.

Was Greatly Interested in the New Orleans Spectacular Festival.

Dr. J. Harrison Hodges returned Thursday night from a flying visit to New Orleans, where he went a few days ago to be present at the great Mardi Gras in that city.

The Doctor says this is the finest carnival in the world. Other cities in Europe and America have their annual carnivals, but nothing approaches in extent and magnificence the New Orleans celebration. The festivities consisted of four monster fantastic parades and numerous masked balls, besides a great deal of individual masking and costuming.

This year the floats were the finest ever seen, and the subjects portrayed were interesting and educational.

The Krewes of Proteus portrayed the form "the Rubiogat" in twenty-four exquisite floats, the finest ever seen on the New Orleans streets.

The Mystic Krewes of Comas depicted in a series of beautiful floats "The Lost Pleiades," and other societies of carnival revellers gave fantastic parades that were a marvel of beauty. "The Pleiades" is a constellation in the heavens thought by the ancients to consist of seven stars, but as only six were visible to the eye, one was said by mythology to have hid herself in shame for having fallen in love with a youth. The floats of the Krewes of Comas, in their search through the heavens for the lost star, were creations of artistic beauty seldom if ever equalled.

Dr. Hodges says the enthusiasm displayed upon the arrival of Rex, King of the Carnival, and his Queen and attendants and ladies in waiting, could not have been excelled if it had been the return of a real king to his royal subjects. It was hard to realize that it was all acting and make-believe. His triumphal entry into the city was accompanied by the cheers of the entire city and its fifty thousand carnival visitors. The festivities culminate on the night of Shrove Tuesday with illuminated parades, carnival balls and general revelling, and, as the Doctor remarked, "is well worth going many miles to see."

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE NEW PAXTON.

This Famous White Springs Resort Under New Management.

Announcement has been made of the change of managemeni of the Paxton House, White Springs, "Way Down Upon de S'wannee Ribber." This resort has been enlarged, thoroughly overhauled and renovated, and will in future be known as the New Paxton, under the management of Louis Herzog & Gertrude Dzialynski. The proprietors are well known in Gainesville, having resided here for several years.

White Springs is one of the great pleasure and health resorts of the South. It is one of the finest mineral springs in the world, and its waters the greatest remedy known for the cure of rheumatism, dyspepsia, kidney and bladder troubles and blood and skin diseases.

The New Paxton is situated conveniently near the spring. The rooms are large and well ventilated, making it an ideal summer resort, and they will no doubt make a reputation at the New Paxton.

MR. TAYLOR WILL RUN.

Decided at One Time Not to Enter Race, but Changed His Mind.

W. B. Taylor, for the past two years one of the city's efficient and progressive aldermen, had about made up his mind not to again announce his candidacy, but after reconsideration of the matter has decided to enter the race.

Alderman Taylor is progressive, and has served his constituents faithfully and efficiently. He has accomplished a great deal as chairman of the street committee, having brought the committee out of the "hole" and at the same time performed a great deal of work on the streets. He will no doubt be complimented with a handsome vote.

BAD WRECK AT BREMEN, GA.

Train Running at High Speed Jumps Track and Several Injured.

Bremen, Ga., March 10.—While running at a speed of between 35 and 40 miles an hour, the northbound Central of Georgia train jumped the track last night a couple of hundred yards below the station at this point, and rolled down an embankment.

A score of persons were bruised and injured, only those in the first-class coach escaping with light injuries.

Those most severely hurt were Baggagemasters Cox and Lawson.

Lord, a traveling man from Savannah, Ga.

Henry W. Taylor, a soldier stationed with the United States troops at Key West, Fla.

G. W. Sanders, a member of the Seventh cavalry, U. S. A., stationed at Fort Oglethorpe, Ga.

Two negro women were very desperately injured, and may die. The others are doing fairly well.

ATLANTA GETS RAILROAD SHOPS.

Seaboard Air Line Will Locate Big Machine Shops in Gate City.

Atlanta, March 10.—It has been learned on the very best authority that the present shops of the Seaboard Air Line, now located at Abbeville, S. C., and Cedartown, Ga., will be brought to Atlanta and consolidated in shops that will be second to none with the possible exception of those at Portsmouth, Va., where the general offices of the Seaboard are located.

Much of the machinery has already reached Atlanta and the rest is being hurriedly packed for shipment. A number of the machinists have also arrived from Abbeville, and more are on the way. Machinists are also beginning to arrive from Cedartown, as well as machinery from that place.

Work is being pushed rapidly forward and it is expected that in a very short time all of the men will be located in Atlanta, and the shops, which are situated near Howell's station, will be in full running order some time during April.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

RUSSIANS IN CALIFORNIA.

Emigrants Were Landed by Mistake in South American Republic.

Los Angeles, Cal., March 10.—It is reported that a party of 20 Russian emigrants on their way from Russia to Los Angeles have been landed from a steamer at Buenos Ayres, Argentine republic, by mistake.

Among the number are said to be several families, the agents of which preceeded them to Los Angeles, arriving some weeks ago and are now awaiting the arrival of the women and children. The mistake was made, it is stated, by the emigration agent in Russia, who booked the party for the wrong port.

The condition of the unfortunate Russians who are all of the lower classes, interior Russians, is said to be pitiable.

The local Russian colony is much presented by the citizens of Galveston, have taken steps to have the emigrants re-embarked and brought to this city.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Aged Mother Superior Dead.

Chicago, March 10.—The Rev. Mother Mary Agnes, superior general of the congregation of St. Agnes, is dead at Pays, Kans., after an illness of one year. She founded the order in 1870 at Fond du Lac, Wis. Mother Agnes was also the founder of Leo House, in New York, which is a home for immigrants.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

Pale, thin, tired, nervous, depressed?

Ask your doctor about taking Ayer's Sarsaparilla for this bad condition of your blood. If he says, "All right," then take it. If not, then don't take it. We feel perfectly safe, for we know what doctors say about this old family medicine.

J. C. Ayer Co., Lowell, Mass.

MUSICAL EVENT OF THE CHAUTAUQUA

Abel's Concert Orchestra in a Brilliant Musical Program.

EVERYBODY SHOULD ATTEND

Friday a Day With the Dramatic Readers—Four Artists on the Program. Tonight Will Please the People With An Ear for Choice Harmony.

The entertainment for Friday afternoon and evening consisted of dramatic readings, which were enjoyed by those who were present.

At 3 p. m. Miss LaDell gave a very pleasing program of readings, making special hits in her Scotch dialect and the little girl selections. The program was interspered with piano solos by Miss Fennell. In response to a call Miss LaDell thanked the people of Gainesville for the reception accorded her, and said several pleasant things about the people and the city.

Evening Program.

The two artists on the program for the evening's entertainment were accorded a hearty welcome, it being their first appearance here at the second assembly. Miss Shatteen Mitchell received a cordial welcome and proved herself an artist of much versatility, her selections being exceedingly difficult and brilliantly interpreted.

Miss Eva C. Miller also attracted and pleased the large audience present, winning favor by her careful rendering of each number. She is possessed of considerable dramatic fire and shared the honors of the evening.

Today's Program.

At 2:30 p. m. the program announces a lecture by Rev. Geo. E. Farrar, "The Man and the Crowd."

At 8 p. m. the musical event of the Chautauqua, an evening worth the attention of all who love music, when Abel's Concert Orchestra, under the direction of Prof. Ewald G. Abel, will appear in a grand concert of musical numbers that cannot fail to please all. Prof. Abel is too well known among lovers of fine music to need more than a passing notice from the press of Florida, and he has selected an organization of the best musicians to assist him.

The program is made up of popular and high-class music, but all can enjoy every number, if they have a taste for harmony, as the numbers are all good.

Mr. Joseph Schreiber and Mr. Robert Jack are among the soloists, and there is not a poor number on the program. If you love music, hear this entertainment.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

A PROSPEROUS BUSINESS.

Osteen & Herrin of Micanopy Are Anticipating Successful Year.

F. S. Osteen of Micanopy, member of the firm of Osteen & Herrin, manufacturers of naval stores, was among the business visitors to Gainesville Friday.

Mr. Osteen states that prospects were never better in the naval stores business, as far as his firm is concerned. The firm has increased its crop from ten and a half to eighteen, and expects to make this year between 600 and 700 barrels of spirits, which means about 2,100 barrels of resin.

Mr. Osteen is one of the best posted naval stores operators in the State, and has always been successful in this work.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

Count It Up

You'll be surprised how cheaply, how quickly, how easily you can earn valuable premiums by saving the freight car coupons on Good Luck Baking Powder can labels. Get a can to-day and look over the little Premium Booklet you find inside. It tells all about the most liberal premium system in the world—describes and pictures every one of the 56 high-class, valuable articles we offer. Good Luck coupons are worth dollars and cents to you—save them! See the cut below.

GOOD LUCK Baking Powder

has revolutionized baking. It is the baking powder of positive purity, of absolute certainty. Healthful, wholesome baking of snowy white, of feathery lightness, of delicious flavor invariably follows its use. On account of its superior leavening power it is ideal for quick baking. It costs you but 10 cents a pound—and it goes farther in quantity than any other. The excellence of Good Luck is shown in the fact that 16,145,114 pounds have been sold during the present year. Insist upon getting Good Luck. If your grocer hasn't it, send us his name and we'll see that you are supplied at once.

DISTINGUISHED DELEGATES.

Gainesville People Highly Complimented by Daily Capitol.

The Tallahassee Daily Capitol of the 9th inst. has the following complimentary to say regarding Gainesville:

"A distinguished delegation of Knights in attendance upon the Grand Lodge who were calling upon Mr. Holloway, Miss Hampton and Mr. McIntosh at their office yesterday, were the following: District Deputy Grand Chancellor W. E. Dow, Captain Geo. M. Lynch of the East Florida Seminary, Grand Master-at-Arms Louis C. Lynch, W. R. McKinstry of the First National Bank of Gainesville, L. N. Pearce, Esq., a prominent Alachua county business man, Hon. R. E. Davis, a leading attorney, all of Gainesville; and Hon. Geo. P. Morris, Mrs. Morris, Hon. E. R. B. Kite, Mrs. Andrew Jolly, Mrs. Kunz, Mrs. Dr. Strickland, all prominent business and social leaders of Waldo. These formed a pleasant party who arrived Tuesday night in a private car and are living on the fat of the land at the Leon, and enjoying their stay in the Capitol City.

"We have some Gainesville people among us that we like very much and are glad to welcome others from that thriving burg."

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

POLITICAL ANNOUNCEMENTS.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for re-election to the office of marshal, subject to the action of the citizens of Gainesville at the coming municipal election. I leave my case in their hands. If I have discharged my duty as marshal in the past, I ask their indulgence and their votes in future. If they do not think I have discharged my duty, then it rests with them. I will appreciate support, however, and promise as long as in the office to show partiality to no one. Respectfully, CHAS. PINKOSON.

For Marshal.

To the Voters of Gainesville:

I hereby announce myself as a candidate for the office of marshal, subject to the action of the voters of Gainesville at the coming municipal election. Have always been a loyal Democrat, am always ready to render my aid and influence in support of right and justice, and if elected promise a fair and honest service, without fear or favor. Respectfully,

D. A. ROBERTSON.

For Marshal.

I hereby announce myself a candidate for the office of Marshal of the City of Gainesville, and solicit the support of all the voters of said city at the coming election of city officers.

If elected, I promise to give to all the people a vigorous and impartial exercise of the duties pertaining to that office. Respectfully,

RICHARD A. BECKER.

Heavy Rainfall in Texas.

Houston, Tex., March 10.—A terrific rain fell over northeast and east Texas and considerable damage was done in the washing away of bridges and fences. Farmers will lose time, but crops are not injured. Trains are badly delayed, as slow orders have been issued on all roads. Five inches of rain fell in less than three hours.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

LAW ENFORCEMENT.

The Board of County Commissioners of Citrus county believe in enforcing the law. Justice Geo. T. Nelson fined Charlie Dennis $5 for carrying concealed weapons, and the clerk was ordered to notify Justice Nelson that he must either try this man again under the law, or the board would charge His Honor up with $100—that being the smallest fine possible—and take his fees to pay the same.

Judge Whitaker of Tampa has been reading a lesson to the gamblers of that city and the keepers of the houses were fined $50 or 90 days in jail, and informed by His Honor that the next time they were brought before him they would get a $200 fine and 90 days on the chaingang, and six months if the fine and costs were not paid.

There is certainly an earnest effort being made to enforce the laws in Florida.

The Czar says he has had enough of Kuropatkin. Should think he would soon have enough of Oyama.

Why not chloroform Kuropatkin?—Pensacola Journal.

Because it would be a waste of chloroform.

The two topics that are omnipresent with the press of the State are: "Leasing State Convicts" and "Reclaiming the Everglades."

Many people would consider that a child would have a lot of nerve to have the good opinion of him or herself that the fond mother has.

If Tom Reed were alive his statement that "this is a billion dollar country," would have to be revised for the present Congress.

Say, young man—you with the swollen caput and chesty bearing—did it ever occur to you that there is hardly blank paper enough in the world on which to print the sum total of what you don't know?—Nebraska State Journal.

The men who are looking up the cause of the past cold weather and are trying to charge it to permanent climatic changes, may ascertain after the return of the next Arctic expedition that the North Pole is out of plumb and has wobbled down close to the Nova Scotia line.

The investigation of the Standard Oil Company by the same methods that had the beef trust in hand, will probably result in the same results. For ways that are dark there is no corporation in the country that is ahead of the Standard Oil Company, and there is a feeling of distrust that the efforts to fasten any guilt on this corporation will be of any avail.

The burning of one cereal food plant at Cedar Rapids, Iowa, does not knock us out on breakfast food. There are hundreds of others in the land, and besides we have our own hominy, sometimes called "grits," which can be served boiled, fried or cold, and it can be served in milk, with butter and sugar, Florida syrup or bacon or chicken gravy, and warranted to produce bone and sinew, two essentials in this strenuous age.

ELECTRIC RAILWAYS.

The bureau of commerce at Washington, in sending out its reports, gives a bunch of figures that would be all right if they were only up to date. In speaking of the competition between steam railroads and the interurban lines the statistics are only up to 1902, since which time there has been constructed hundreds of miles of interurban railways and many of the lines are over a hundred miles in length, having limited trains that make better time than the steam roads of the average lines.

The electric railway is the ideal line for Florida. With no snow to contend with, and no occasion for heating the cars except at the most a month or six weeks in the year, these roads would get all the local traffic. With the coming of the electric roads the towns along these roads would be enabled to secure electric currents for lighting and power, thus developing them in advance of what they would be for years, were it not for this new method.

Florida only needs one or two of these interurban lines to convince the people of their practicability, and the small outlay required to prepare the roadbeds in nearly all portions of the State should make their construction much cheaper than in many States where they have been built and operated successfully.

The only objection raised to their promotion in some localities is the fact that there are not enough people to make them pay. But an electric road running through the country would gather up the products of farmers and truckers, delivering them at the market places or shipping points at a nominal cost.

FREIGHT LINE TO CUBA.

The construction of a railway along the islands of South Florida to Key West, which is an undoubted fact in the near future, will be the means of developing a transportation line from Key West to Havana, and it will be an easy matter to send the loaded cars direct by car ferry to the port of Havana. The railway lines from the East to the West have for a number of years employed large car ferries to carry loaded cars across Lake Michigan, a distance equally as great, besides being compelled to construct boats strong enough to plow through upwards of 24 inches of ice during the winter season.

These monster ferry boats on the Great Lakes carry from 20 to 30 loaded freight cars, make good time and have room for the accommodation of passengers at the same time. Freight cars could be sent from New York direct to Havana, securely sealed and delivered almost in the same time as by all rail.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

The Depraved Camel.

"Any ordinary horse on the street might well feel insulted at being named in the same class as a domestic animal with that four legged impassive vehicle, the camel," writes a traveler. "Fidelity in a camel does not exist. An artist might as well depict a devoted crocodile fondling a lost child as a faithful dromedary standing over the corpse of its fallen master. Lockwood Kipling touched the core of the matter when he avowed that a man might as reasonably lavish his affection on a baggage wagon. In short, the camel is an unredeemed boor, more brutish than a mule, less sensible of endearment than even of extremes of temperature and weather. Its virtues are of the body, its great endurance compensating for a mental and moral depravity that must be labeled nothing short of amazing."

CONSUMPTION

The common council of Pensacola suspended the license of a carnival company that appeared in that city, which aroused the righteous indignation of the business men, who pay their license without a murmur. Such shows require more or less police protection, and a license should be paid by them as well as business men who are under the protection of the law, and the license money is necessary to pay the officers to enforce the law.

The assertion that Florida politicians will soon begin to "bud" seems rather premature.

DINING IN JAPAN.

If It's Your First Japanese Meal You Will Have a Trying Time.

If it's your first Japanese dinner you're having a dreadfully hard time. In the first place you must sit on the floor, for they don't have any chairs in Japan. You kneel down, and then you turn your toes in till one laps over the other, and then you sit back between your heels. At first you are quite proud to find how well you do it, and you don't think it's so very uncomfortable. But pretty soon you get cramped, and your legs ache as if you had a toothache in them. You don't say anything, because you think that if the Japanese can sit this way all day long you ought to be able to stand it a few minutes. Finally both your feet go to sleep, and then you can't bear it a moment longer, and you have to get up and stamp around the room to drive the prickles out of your feet, and all the little dancing girls giggle at you. This isn't your only trouble either. All you have to eat with is a pair of chopsticks, and you're in terror lest you spill something on the dainty white matting floor. Now the floor of a Japanese house isn't just the floor; it's the chairs and sofas and tables and beds as well. At home it would be mortifying enough to go out to dinner and spill something on the floor, but in Japan, where people sit and sleep on the floor, it seems even worse. So you are unhappy till your little nesan (who is the waitress and almost as prettily dressed as the dancing girls, but not quite) comes laughing to your aid and shows you how to hold your chopsticks. After that you manage nicely the rice and the omelet, but the fish and the chicken you can't contrive to shred apart without dropping your chopsticks all the time. So between dances the maiko—the little girls about twelve years old—kneel down beside you and help you. They can't keep from giggling at your awkwardness, but you don't mind; you just giggle, too, and everybody giggles and has a lovely time.—St. Nicholas.

THE DAILY SUN, 10c A WEEK

This Pretty Girl Saved From Catarrh of the Lungs By Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently.

"I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since.

"I now have the greatest faith in Peruna." *Florence E. Kenah.*

WOMEN SHOULD BEWARE OF CONTRACTING CATARRH.

The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

Pe-ru-na for Colds and Catarrh.

The following interesting letter gives one young woman's experience with Peruna:

Miss Rose Gerbing, a popular society woman of Crown Point, Ind., writes:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I consider this money well spent.

"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Rose Gerbing.

Pe-ru-na Contains no Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

SCHOOL TEACHERS CAPTURED THE TOWN

Second Day of Institute Brought Crowds Here.

SIXTY-ONE WERE PRESENT

Roll Call Showed Every Section of the County Represented by Dispensers of Knowledge—Day Was Greatly Enjoyed—Today's Program.

The second day of the Alachua County Teachers' Institute, which convened at the auditorium of the Gainesville Graded and High School at 8:30 o'clock Friday morning, was a most successful one, being largely attended. There were sixty-one teachers and many citizens interested in school work present.

The session was opened with prayer by Rev. S. B. Rogers, followed by music and the roll call.

List of Teachers.

The following teachers are in attendance at the Institute:

Florence Anderson, Claudia Ambrose, J. C. Adkins, Mary Berkstresser, G. W. Bonner, Mamie Barrs, Florence Balis, W. E. Bell, Mary Bailey, Luela Bell, Edith Baird, Mamie Carleton, Kittie Carleton, J. H. Coffee, Mrs. W. P. Coffey, Mary Dudley, M. H. DeLand, Annie DaCosta, L. W. Denham, Annie Edwards, Eva Fildes, Annie Guynn, Vallie Grace, Allie Grace, Mary Hague, S. G. Hull, Ruby Hawkins, A. Johnson, Delia Jolley, J. G. Kellum, George Martin, Florence Mooty, S. E. McIntosh, Willie McIntosh, Nannie McIntosh, Rosa May, Leslie May, Sophia Merry, Josephine McComb, R. H. Montgomery, Fannie Mizelle, Lucy Newsome, Alma Osteen, G. M. Patterson, Annie Price, Alice Padgett, Mamie Robinson, Marie Richardson, Bessie Ramage, Serena Shannon, Mabel Sanchez, Hall Malphurs, Mrs. C. C. Powell, Eliza Tillman, Lottie Teeter, Katie Tomkies, Ellen Wallace, Ethel Watkins, Agnes Zetrouer, Mrs. Sallie Zetrouer.

The Program.

The program both morning and evening was a most impressive one and well rendered. The program as published in The Sun of yesterday was carried out to the letter with the exception of the paper, "The Work of the Primary Teachers," by Miss Sanchez. The subject was discussed and neatly covered, however, by J. C. Adkins. Hon. Wm. M. Holloway, who was on the program for an address at 4:30, was detained in Tallahassee on account of pressing business, and the Institute was deprived of hearing the State Superintendent, much to their disappointment.

Today's Program.

Today will close the Institute, and a very interesting program has been arranged as follows:

8:30. Invocation—T. J. Nixon.
8:45. Roll Call.
9:00. "How to Train the Parents to Co-operate With the School Through the Children."—Miss Edith Baird.
Discussion—J. H. Coffee.
9:30. Address—County Superintendent, J. L. Kelley.
10:00. Business Meeting.

Saturday evening will be left open, believing the teachers would like to attend the Chautauqua.

Negro Fugitive Captured.

Montgomery, Ala., March 10.—Archie Lumpkin, the negro ferryman alleged to have shot T. C. Little, a prominent white farmer of Talassee, has been captured by Sheriff Robbins of Elmore county. The negro is now in jail at Wetumpka. The shooting occurred Monday. It is said that the negro had some words with Mr. Little and ex-Sheriff Dan McCoy, of Elmore who desired to be transported across the river in the negro's ferry, when the negro pulled his gun and shot Mr Little. Mr. Little is said not to be seriously injured.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

SAM JONES PLEASED.

Pays Mayor Thomas High Compliment. Says Gainesville Is O. K.

Sam Jones, who recently spent a couple of days in this city, lecturing at the Chautauqua, writes The Atlanta Journal as follows:

"I have just returned from a hurried trip through South Georgia, and as far south as Gainesville, Fla. I spent one day at Blakley and one day at Fort Gaines. It is a thing of joy to note the glow and growth upon all sections of South Georgia.

* * * * * * *

"I was two days at Gainesville, Fla., Chautauqua. Gainesville is having a phenomenal growth at this time. The Chautauqua was largely attended. That institution marks an era and is looked forward to annually with great expectations. Gainesville rallies to her Bible Conference and Chautauqua season with the money and with the attendance, and they are dating the beginning of this new era of things in Gainesville, to the building of their large auditorium right in the heart of the city, and the inauguration of the Bible Conference every year, which is followed by the Chautauqua. The saloons have been driven out, the moral atmosphere purified and Gainesville realizes she can grow by leaps and bounds without the traffic of liquor in her midst. Gainesville has one of the most competent mayors I have ever met. He is a gentleman and a Christian, and has the push and pride and public spirit so essential to a growing city. They are now discussing the paving of streets. The national government has placed its machinery and its experts at the command of the county, and they are now building one mile of good road. There are clay pits in Florida which furnish a magnificent material. It is a kind of mixture of clay and sand, and when mixed in right proportions, it is very much like the chert roads which have been built around Atlanta. The streets of the city, and the roads of the rural districts will not only determine values, but also determine the development and up-to-date citizenship, wherever you find them. I wish for nothing so much as that Georgia shall get waked up on the good roads question. In North Georgia, our roads have been almost impassable this winter. We have object lessons in mud, but they don't seem to teach us. The truth of the business is, the average fellow is satisfied with what he has until he sees something better. As I have said before, it would be a good idea to get all the farmers in Georgia a ticket and let them travel a while."

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from aneamia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

Iron Works Strike Settled.

Chicago, March 10.—The strike at the Republic Iron and Steel mills at West Chicago, has been settled and 1,000 men wil go back to work today. A compromise agreement was made by arbitration. The men were defeated in their efforts to secure a raise of a cent and a half an hour in wages, but succeeded in getting the old seven and a half hour scale back.

Brokerage Firm Suspends.

New York, March 10.—The suspension of the brokerage firm of O. T. Simpson & Co., members of the Consolidated Stock Exchange, was announced on th eexchange today. Raynor Godwyn, manager of the firm said that the liabilities were about $110,000, with nominal assets of $15,000. The company had as uptown office and most of its customers were women.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

FAVORABLE REPORT ON TREATY.

Senate Committee on Foreign Relations Agree on a Treaty.

Washington, March 10.—The senate on foreign relations today agreed to report favorably the San Domingo treaty as amended. The vote was on party lines, every Republican voting for the treaty and every Democrat voting against it. All members of the committee were present and the vote stood

For treaty—Cullom, Frye, Lodge, Clark (Wyo.), Foraker, Sponer and Kean.

Against the treaty—Morgan, Bacon, Money, Clark (Mont.) and McInerny.

There is one vacancy on the committee caused by the election of Senator Fairbanks to the vice presidency.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

Wor in Asks for Mercy.

Lynchburg, Va., March 10.—Mrs. Sallie M. Hanna, who administered rough on rates to a family of six persons because the family had given shelter to the husband of the prisoner, whom she had run away from home, appeared in court, waived trial by jury and threw herself on the mercy of the court. The judge announced that he would take the matter under advisement, and it is probable that he will hear the evidence in the case at an early date.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Tennessecan Dies in Florida.

Memphis, Tenn., March 9.—Michael Gavin, a widely known merchant, cotton factor and capitalist, died at an early hour today in Jacksonville, Fla. Mr. Gavin was one of the pioneer merchants of Memphis and for many years has been identified with the industrial development of the city.

Rheumatism

Like Neuralgia, is now known to be a nervous disease. The kidneys become weak through lack of nerve energy, and fail to filter the uric acid from the blood; this acid attacks and burns the nerves and muscles, and consumes the oil in the joints, producing inflammation, fever, swelling—pain.

To cure Rheumatism, then, you must restore the kidney nerves and muscles, and neutralize the effect of the acid upon the joints and tissues with Dr. Miles' Restorative Nervine, a nerve medicine, which has made many cures of this painful disease. Nervine strengthens the kidney nerves and increases the circulation, and relief is assured.

"Before I took Dr. Miles' Nervine, I had been looking for a cure for Rheumatism for 25 years. The last time I was laid up for several months, could not get out of bed or set foot on the floor. I tried remedies to rub in, to drink, doctors' prescriptions, etc., but none of them had any effect. One day I read about Dr. Miles' Nervine and got a bottle. After the first dose I had a good night's rest, and after taking half a bottle the pains disappeared, and I went out and walked all around the town. In a week I went to work, and was perfectly cured, but continued to take the medicine for a time, to make sure the pains would not come back."

THOS. LONG,
212 N. Chatham St., Racine, Wis.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

CARDUI BABIES

Many homes are mere lonely abodes because no children are there. Barrenness exists in almost every case because female diseases have paralyzed the organs of womanhood.

Wine of Cardui imparts health and strength to the diseased parts and makes motherhood possible in thousands of cases where barrenness is supposed to be incurable. Wine of Cardui regulates the menstrual flow and also prevents miscarriage and cures bearing down pains. Wine of Cardui removes the cause of barrenness by making the female organism strong and healthy.

Go to your druggist and secure a $1.00 bottle of Wine of Cardui. The use of Wine of Cardui will bring happiness to your home.

In cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tennessee.

AMETHYST, COLO., Feb. 24, 1902.

Wine of Cardui is worth its weight in gold. It does more than you claim. It has saved my life and caused me to become a mother when everything else failed. MRS. DORA I. E. LeFEVRE.

BRYANT, VA., Feb. 18, 1902.

My daughter-in-law, Lizzie Giles, found great benefit in Wine of Cardui. She had a miscarriage in March 1901, before using your medicine. She was in very bad health, so I persuaded her to try Wine of Cardui. Since then she has had a fine baby boy. Soon he will be three weeks old. She highly recommends Wine of Cardui.

My daughter, Fannie Hudson, also has a fine baby boy by your treatment. She highly appreciates Wine of Cardui.

MRS. LOUISA GILES.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Tampa fire department has a new engine.

St. Johns county will not bond for a new court house.

J. E. Fryer has been appointed postmaster at Alligator.

Inverness will have her new hotel ready for business by July.

J. E. Dawsey has put up a building and opened a meat market at Floral City.

Sparr, Marion county, on the Seaboard Air Line, will have a new depot soon.

Twelve hundred bales of tobacco were received at Key West from Havana last week.

The first cukes of the season are reported from the Cassady hammock near Sumterville.

Rev. A. B. Plummer has been chosen pastor of the new Baptist church recently organized at Sparr.

Miss Sadie Robertson of Cove Bend was one of the lucky ones to win a scholarship at the State normal.

St. Augustine and Miami hotels will be enlarged during the summer to prepare for the trade of next winter.

The people of Daytona are reported to be great fish eaters and are said to consume six thousand pounds a week.

An interurban railway is being talked to run from Jacksonville to the Atlantic beach. It would certainly be a winner.

In the line of fruits and vegetables the display at the Dade County Fair, held at Miami this week, has been very flattering.

H. W. Dean of Marion county has been appointed city marshal at Crystal River, and he is hot on the trail of all evil-doers.

Henry Washington, colored, had both legs cut off by the cars at New Augustine railroad yards, Tuesday. He will live.

Ybor City will have a branch jail erected there so that drunks arrested can sober up a little before going to the county jail.

C. J. Hayes, superintendent of the gas works at Palatka, fell from a platform into the hold of a vessel Wednesday at the dock, sustaining injuries which were very serious.

Jacksonville is going to have the Florida State Fair, the board of trade of that city having approved of the project—after The Sun had decided that Jacksonville was the proper place, however.

From Shawnee, Oklahoma, the statement comes that Klathlo Harjo, a Seminole known as "Old Fish," said to have been the oldest Indian in America, is dead at the age of 110. He was born in the Everglades of Florida, and fought in the war of 1812 against this country, as well as in the Seminole wars. He enlisted as a volunteer soldier of the United States during the Civil War, and served with distinction.

To The Women

Who study the hygienic interests of their families, there is no subject of greater importance than that of the bread problem—what the methods of making and how baked are questions which have become of greatest importance from a health standpoint.

Uneeda Biscuit

solved the problem of how to get a bread food at once wholesome and palatable. **Uneeda Biscuit** contain all the nutriment of the wheat, made in the cleanest bakeries in the world; by most skillful bakers. They are the best soda crackers made. Sold in air tight packages—always fresh, always ready for use.

Strike in Southern Russia.

St. Petersburg, March 10.—A telegram from Ekatorinoslav, South Russia, says that five miners have been killed and 15 wounded in a conflict between strikers of the Shoerbinoff mines and the Auerbach quicksilver mines and soldiers in the district of Bakhmuit. The strikers started looting and the troops threatened to shoot. The former thereupon fired at the soldiers with revolvers and also threw stones at them, whereupon the troops fired a volley, and order was restored. Revolutionary disorders have broken out at Smolensk, Middle Russia. Bands of demonstrators are marching through the streets carrying red flags.

Rear-End Collision Near Macon.

Macon, Ga., March 10.—As the result of a rear-end collision, which occurred Wednesday night between a Central railroad passenger train and a wrecking train at Smarrs, Ga., Foreman B. F. Bray, of the wrecker, is probably fatally injured; Engineer Louis Rebb, of the passenger train, and his negro fireman, are badly injured, and Mail Clerk T. M. Hamilton and Baggagemaster W. C. Roberts are also painfully hurt. The wrecker was running as special, and after stopping the flagman failed to get out on the tracks far enough to prevent the passenger train from colliding with the wrecker.

Mule's Kick Proves Fatal.

Eatonton, Ga., March 10.—Norwood, the 5-year-old son of David L. Lawrence, of this county, who was kicked in the forehead by a mule several days ago, fracturing the skull, has since died. He was brought to town for treatment. Drs. Weaver and Talliaferro performed the operation. The wound was found to be more serious than was at first thought. A fragment of the skull was from the ordeal ment of the skull was removed, but he never fully recovered from the ordeal.

Prominent Alabamian Suicides.

Montgomery, Ala., March 10.—The community was severely shocked at the unexpected death of Samuel Gassenheimer, who was found dead in his room on Alabama street, his body cold and stiff, and his flesh a purplish hue from an overdose of morphine which he had taken. Three bottles of chloroform, a bottle of morphine tablets three-fourths used up, were found on the bureau in his room.

New Cruiser in Commission.

Norfolk, Va., March 10.—The United States cruiser Galveston recently completed and placed in commission at the Norfolk navy yard, will sail next Wednesday for Galveston, Tex., where she goes to receive a silver service to be presented by th ecitizens of Galveston. Upon her return the cruiser will have her "free route" trial trip over the measured course off Newport, R. I.

Engineer Badly Mangled.

Augusta, Ga., March 10.—Walter E. Sirvia, an engineer on the Southern railway, had one leg cut off at the knee and the other foot just above the ankle as the result of an accident in Hamburg, S. C., just across the river from Augusta. Mr. Sirvia was brought to this city and immediately carried to the city hospital. There are chances for his recovery.

Registration Notice.—Notice is hereby given that the registration books of the city of Gainesville are now open at my office in the United States land office, and all persons desiring to do so can register on or before March 12th, 1905. J. M. Dell, City Clerk.

Carter & Anderson, the grocers and marketmen, have received a handsome Baldwin glass front refrigerator, and for the first time today will make a street display which will have a tendency to make a fellow real hungry. P. O. Grandy, the cutter, has arranged a fine display of meats and vegetables, which is to say the least tempting.

As will be seen by notice elsewhere, City Tax Collector Ellis is urging the delinquents to come forward and settle their taxes, as the books will positively close April 1. Taxes are sure as death, as the old proverb goes, and Collector Ellis warns those who allow the books to close without paying, that the cost will be extra in advertising, etc.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

What is better than a boiled or broiled mackerel for Sunday morning breakfast? We have a fresh kit, fine and fat, just opened. C. V. McKinstry, 'phone 188.

Our labor contract saves possible loss from advances made to employes. Price: 50 or less by mail, 3½ cents each; $3 per hundred; cash with order. The Sun, Gainesville, Fla. daw

Sheriff Fennell went yesterday to Kissimmee for the second time after J. T. Williams, wanted in this county upon a charge of grand larceny. The sheriff of Osceola county arrested the negro several days ago and so notified Sheriff Fennell, but before that officer reached Kissimmee the prisoner through a misunderstanding had been released. He was rearrested, however, and this time will return with Alachua's sheriff.

P. M. and W. W. Colson have returned from the West End, where they have been surveying property at Trenton and dividing it into town lots, which will soon be put on the market. They state that Trenton, which will be on the line of the Jacksonville and Southwestern railroad, will be the coming town of the West End. The railroad company proposes to erect a handsome depot at that point, and already there is an air with an odor of a boom there.

After spending a season pleasantly at the Endel Inn, Dr. D. Hibbs Sangston and family and Mrs. J. P. Sangston of Uniontown, Pa., have gone to Jacksonville, from whence they expect in a few days to proceed to their Northern home. Dr. J. P. Sangston declares that he is "stuck" on Gainesville and its climate and people that he is loth to leave, and expects to remain here for several days yet. The entire party were delighted, and by their affability made many friends here who will miss them, but hope to see them early next season.

T. J. Cone, the lumber manufacturer who owns a fine mill at Raleigh, stated when in the city Thursday that he had arranged for connection by the East Florida Telephone Company with Gainesville and other points. The poles have been erected, the insulators placed, and the line will be completed and in working order by the beginning of next week. Mr. Cone is up-to-date in his ideas, which accounts in a large measure for his success. He may now sit in his office and transact business which formerly compelled him to come to Gainesville. Mr. Cone has recently made additions to his mill which will greatly increase the output. The plant is now capable of turning out 30,000 feet of lumber a day.

CHAIRMAN TAYLOR'S REPORT.

Chairman Street Committee Has Performed Excellent Work.

Alderman W. B. Taylor, chairman of the street committee of the City Council, has performed some excellent work within the past year, as will be seen from a recapitulation of his report, which has been made to Chairman Broome of the finance committee. Notwithstanding that Mr. Taylor assumed the chairmanship of the street committee when the street fund was largely overdrawn, he has worked the committee out of financial embarassment, and besides has accomplished a great deal in the matter of paving and other substantial improvements.

The recapitulation shows the following:

Total number of lineal feet paved on forty-foot street, 5,558; total number of lineal feet paved on ninety-foot street, 1,280. Number of vitrified brick bought and delivered, 106,000; number vitrified brick bought not yet delivered, 7,000.

E. F. S. WAS DEFEATED.

Stetson Boys Too Strong, and Gainesville Went Down in Defeat.

A telegram to The Sun from Sandy Graham, DeLand, states that in the baseball game between E. F. S. and Stetson teams Friday afternoon, the latter were victorious by the tremendous score of 12 to 1.

It was the intention of the Seminary boys to proceed to Palatka last night and meet the aggregation of ball twirlers of the Gem City, but it was determined to remain in DeLand and show the Stetson boys how to play good ball today, hence there will be another game between E. F. S. and Stetson this afternoon.

Something must be wrong.

Election Was Void.

Attorney Christopher Matheson and W. S. Broome returned Friday from High Springs, where they went to represent "two sides of a question" in an election contest case.

An election for city officers was recently held in High Springs, two tickets representing what is said to be two factions being in the field. The defeated faction was not satisfied with the manner in which the election was held, alleging that the booths were not constructed in accordance with law, and alleging also that the booth, which the law provided should be occupied by only one voter at a time, was a regular rendezvous for caucusers. As a result of these charges there was a legal squabble, Attorney Matheson representing the "ins" and Attorney Broome the "outs."

At the conclusion of the argument the election was declared illegal, null and void, and not held in accordance with law, hence it will be necessary to call another election.
